

**The 34LOVE scheme, part of the 34U campaign enables you to plant a tree for a loved one. Why send flowers, when you can give a unique present that will last much longer than any bloom or box of chocolates! Be it Valentine's Day, your engagement, or wedding anniversary; celebrate your love through this unique gesture.**

The tree will be identified by a wooden tag attached to it, bearing the name of the person or couple. A photo commemorating the event will be taken and is also included in the price of the tree. Your tree can be planted in one of the afforestation sites around the Maltese Islands, and also in earmarked areas within your locality. Through a partnership with your local council we have identified sites where you can plant your tree and see it grow! After planting, continued maintenance will be carried out by the Government.

**I WISH TO ADOPT A TREE TO PARTICIPATE IN THE 34LOVE SCHEME**
